

## Packet Pick up Permission Slip

I \_\_\_\_\_ give permission to my Bad Ass friend/family member \_\_\_\_\_ to pick up my packet on my behalf for the Bad Ass Beer Run that will be held on this date \_\_\_\_\_ in the year \_\_\_\_\_. I understand that this packet is essential and needed to participant in the Bad Ass Beer Run and without it I will be unable to participate on the day of event.

I know that I can trust this person to complete this task for me without fail. My Bad Ass friend/family member will do whatever it takes to make sure my packet gets in to my hands before the starting gun fires.

If my Bad Ass friend/family member loses or lets their dog eat my packet, I understand it was my pour judgement the first place to trust them with such a task. Replacement of said packet is not an option; I will now miss out on all the fun and beer.
